

## House to Home Program

*Restoring hope and dignity for families and individuals who are disaster clients through the giving program to make their house into a home and needs are met.*

### Britini's Family

House to Home | St. Cronan

Britini lives with her two sons, ages 11 and 6, and her 1-year-old daughter. During the tornado, the family lost most of their belongings, including furniture, mattresses, a couch, TV, and kitchen table, along with clothing and personal items. The family has since moved into their apartment for the first time. They have received support from Saint Vincent de Paul Thrift Store and are working with the Catholic Charities Disaster Case Management team, but still need essential household items as they rebuild.

**Support Britini and her family as they move into their home  
by purchasing an item from the Amazon Wish List or  
donating gift cards for the family.**

*Please purchase items by May 31, 2026.*
